GEORGE GREEN IS SENTENCED TO BIG PRISON

Admits Forging Mother's Name to Checks Given Washington Merchants.

Pleading guilty to indictments charging him with forging his mother's name to checks which he passed at Craig Bros. store and the Gossard Jewelry store in this city last fall, George W. Green, erstwhile prosperous farmer of Paint township, who has been spending the past several months in the county jail, was sentenced to the Ohio Penitentiary for an indeterminate period, and will be taken to that institution Monday morning in the custody of Sheriff N. B. Hall.

Green has been in Kansas City for some time where he was associated with a large business firm, and where his last wife is said to be residing. He was brought to this city and lodged in jail to await action of the courts. For some time he had declined to enter a plea of guilty, but recently changed his mind and agreed to plead guilty to forgery.

Green has been in several unsavory escapades in this city during the past dozen years, and for one of his offenses spent some months in the workhouse in Xenia.

Each of the first four grades took an active part in the entertainment and there was rivalry among the children in attempting to outdo the others in the success of the afternoon. Miss Chancell's beginners were cunning in a presentation of "The Bird's Ball," Miss Dora Mae Stewart had trained her pupils for charming Mother Goose play and honors were shared equally with the pupils of Miss Mary Wade who had their part in the same scenes "The Hat Shop" was the course of a

most original presentation by the children of Miss Phyllis Davis' grade.

Decidedly out of the ordinary was one of the features of the program by the third graders under the direction of Miss Naomi Rowan. The two foreign born children of the school, Aram Reij and Emma Damsgardt, sang songs in their native tongue, Aram in Turkish and little Emma in Danish. Teachers of the East Side School plan a well equipped playground under the trees on the spacious lawn surrounding the school building and have taken first steps to bring about the purchasing of the set.

The grades of East Side above the third are planning a bazaar in order to swell the playground fund and will enter into their part of the campaign before the school year has drawn to a close.

The activities for raising money to provide a well equipped playground is meeting with the assistance and approval of the parents.

More than \$50 was realized through Friday's entertainment, many contributing who did not attend.

Clark, eminent eye specialist of Columbus, associated with Grant Hospital, declared after an examination of the patient Thursday afternoon at the Fayette Hospital that Minshall still retained partial sight in his right eye and there were indications that his left eye was not affected permanently.

Mexico

The days of Carranza rule seem to be approaching the end and with the turmoil incident to the passing of the Chihuahua Squire the menace to American life and property along the international boundary line increases.

Carranza has furnished an abundance of conclusive proof that he is an incompetent and worse than all, ungrateful to his friends among the Mexican people and among the nations.

There seems to be a feeling of hostility held by the majority of Americans against Carranza and, with that majority, it is apparent that hope of rebel success is pretty generally held.

After a long trial during which the patience of the American people has been taxed to the utmost limit of endurance, Carranza has failed to bring order and almost any change which promises an end to a regime which has failed so miserably would be welcomed.

Anxious as we all are, however, to see Mexico set to rights and her vast treasure houses opened up to the world we must not confuse the desire for gain and opportunity with our real purpose as a nation.

Mexico doesn't belong to us. It belongs to the Mexican people, and so long as the Mexican people do not transgress our rights or endanger our lives we have no just cause to interfere.

We are tired, all of us, desperately weary, of the turmoil and confusion in Mexico. We are, all of us, anxious for order and government to come to that distracted land, we are anxious to have its wonderful opportunities made available, but we must keep within the bounds of justice. We must be square with ourselves.

Too Much Uplift

It is not necessary to travel on the railroad trains very frequently nor very far nor in any particular direction to be convinced that this nation is suffering right now with an overproduction of "uplifters."

There are entirely too many able bodied men and women traveling about over the country organizing uplift work and advising other people what to do, instead of doing something of real value themselves and attending to their own affairs.

When one sees the dozens of vigorous men and women traveling about lecturing on everybody's troubles and pointing out the way to get the world straight instead of putting their shoulders to the wheel, it is not difficult to answer why the man power of the nation is so woefully short, why the farmers need help and cooks and nurses are receiving wages that would have attracted bankers a few years ago.

Men who should be at work in the fields or the factories are consuming food and clothing and spending money and time, living at the top of the pot uplifting their fellowmen and telling them how to be better, work less and get more.

Women who should be at home mending clothes, cooking, looking after their household and attending to their children are riding over the railroads organizing societies and preaching the emancipation of the sex.

We do not mean to be understood as stating that we should have no lecturers—no higher thought suggestions and no social organizations. The world would be a drab, dull place without mental relaxation and entertainment, but we have gone to excess. The lazy men and women have seen the easy road to money through idleness and luxury in the "uplift" work and are traveling on it.

We are on an intellectual spree and we have come to the stage where we stand for anything no matter how inferior.

A Poor Loser

Senator Hiram W. Johnson, according to reports, is to contest the announced New Jersey election result with General Leonard Wood, who, on the face of the returns leads the Californian by a small margin in the totals.

In Michigan, in Nebraska, in Minnesota and other states where Johnson's showing in the voting was good, better even, than before the elections were held, he had reason to expect, Johnson was satisfied. Everything was all right when he made a good showing.

In New Jersey, however, where Johnson had made an out and out fight with General Wood, flushed with victory elsewhere, Johnson was expecting victory confidently and in a position to urge demands.

He lost. General Wood was the victor and the poor loser streak in Johnson's makeup, came to the front.

POETRY FOR TODAY

THE TWILIGHT WOODS

In the depths of the twilight woods
When the mountainous lands are green.

All the trees speak with whispered words
Unto Nature, the springtime queen.

It is there where the quiet lives
That the breath of the budding leaves

Gives our heartstrings the balm of peace,
In that place where the woodwind grieves.

Through the paths of prolific bloom
Where the crystalline streamlets sound,

Let us roam. There, men's wearied feet
Tread a vast unmolested ground.

From the midst of the twilight woods
Is our wandering vision led,
Where the angels with powder puffs
Brushed the far dusky mountain's head.

With a love for each verdant tree,
And a prayer for the charms that were,

I must go—since my heart returns
To those woodlands of spruce and fir.

LINEUP TO MEET SHERMAN IS GIVEN

Manager Suttles expects to use the same lineup against Camp Sherman Sunday that he used in defeating Springfield in his first game and has given out the batting order as follows: McCall, 1b; Mathews, cf; Doyle, 2b; Noon, if; Suttles, ss; Emery, 3b; Schaffer or Tone, rf; Adams, c; Hartman or Morris, p.

Fans are pleased to see Lynn Mathews again in the lineup and look forward to the execution of his batting prowess against the touted Sherman hurler. Hartman will probably get the call to start the game on the mound with Morris in reserve.

The Athletic management has secured M. C. Myers to officiate. Myers' decision met with favor last Sunday afternoon.

Lowe's

Cost of Barn Paint A new way to figure it

Take a pencil and paper in one hand, and put down the cost per gallon. Take a brush and a half pint can of any paint. Now paint the side of your barn as far as the paint will go. Then measure the space, and mark it down. Now take a half pint can of Lowe Brothers' Barn Paint, and do the same thing. In doing it, compare the ease with which Lowe's spreads on, and how thoroughly it covers. Take particular notice of how you can brush it out so much farther than the other paint.

Now measure the space Lowe's covered. Compare it with the other. Then consider the reputation of Lowe's, with its half a century of paint making back of it, to back it up. After which, if you don't paint all your barns with Lowe Brothers' Barn Paint, it will be because of some reason all your own, that you don't want as good a paint as your money will buy. Come in and get a color card. It's free.

RANDOM NOTES

SOCIAL : PERSONAL MENTION : CLUBS

Many have been the enjoyable social gatherings in the First Presbyterian church, but rivaling each and every one of them was the affair of Friday night for which were assembled three Sunday School classes, the Woman's Bible Class taught by Mrs. William Boynton Gage, the Charlotte Tuttle Sisterhood and the Men's Bible Class, taught by Hon. C. A. Reid and assistants, Dr. Carey Persinger and Mr. O. K. Probasco.

The evening was of spontaneous social pleasure and the big basement dining room exhaled an atmosphere of genuine hospitality, promoted by those in charge and shared by every one in attendance.

It was a complete success in every way, with nothing left undone which would add to the pleasure of the occasion.

A hundred and twenty-five were seated for a particularly appetizing three course supper served at half past six o'clock. The tables were beautiful, arranged to form a hollow square, with the toast table in the center. There were delightful touches of Spring in big baskets and water gardens of narcissi, daffodils and tulips, which decorated the tables and a gorgeous basket of tulips, which called forth special admiration, was the gift of Mr. David Hopkins from his own gardens.

The viands were served bountifully and with promptness by a corps of waitresses from the Charlotte Tuttle Sisterhood. The Men's Class gave the supper as far as finances were concerned, the women having in charge its preparation and serving. The social committee in capable management was made up from both classes and included Mesdames J. F. Dennis, Frank M. Fullerton, Josephine Kerr, Cass, Severs, Robert Bryson, John W. Wilson, Os. McClellan, Carrie Deere. The class members most willingly assisted the committee.

Following the merry sociability of the dinner toasts were enjoyed. Dr. Carey Persinger was fine in the role of toastmaster and splendid responses were made by Rev. Gage, Hon. C. A. Reid, Dr. Woodland, Supr.; Mrs. Lulu H. Robinson and Mrs. Kerr representing Mrs. Gage's class; and Miss Alta Sprenger, President of the Charlotte Tuttle Sisterhood. The toasts were entertaining and witty with their underlying vein of seriousness impressing the mission of the Sunday School.

The evening was happily concluded in the Sunday School room up stairs with charades, games, into which the older folk entered with all the zest of children, and the singing of Sunday School songs.

The Epworth League of Grace M. E. Church assisted by the High School Boy's Sunday School Class gave a bean supper at the church, Friday night, that brought together eighty young people for a delightful evening. The supper was under the direction of the girls of the League, Miss Ruth

Tanquary an able chairman. The tables were placed in the basement, with spring flowers, prettily arranged in water gardens and crystal baskets.

The boys, with Miles Masters chairman, were not to be out done by the girls, and had planned entertainment of the most popular kind, including a toy balloon volley ball game, charades, "Nose and Toe" game paper race and a guessing contest. Merriment was the order of the evening and every body had a royal good time.

The all Day Group Meeting of the W. F. M. S. of the M. E. Church, held at Frankfort, Friday, was one of genuine missionary zeal and interest, with Mrs. G. S. Hodson as presiding officer. Excellent reports were given by the seven auxiliaries included in this Group.

Mrs. Fisher, of Waverly, Mrs. Dunlap, of Williamsport; Mrs. Tefft, of Circleville and Mrs. Ella H. Blessing of Washington C. H. gave special addresses and talks, which were inspirational and helpful to all.

The box luncheon, and social time at the noon hour were very enjoyable features.

Mrs. John Dial was re-elected secretary for the coming year.

Those attending from this city were Mrs. Frank M. Kennedy, Mrs. K. B. Alexander Mrs. Frank Christopher, Mrs. Will Haigler, Mrs. Ella H. Blessing, Mrs. Jno. Merriweather, Mrs. Ola Boyer Mrs. Laura Martin, Mrs. C. S. Haver, Mrs. C. A. Teeters, Mrs. Scott Hopkins, Mrs. G. S. Hodson and Miss Fannie McLean, with the Y. W. Society well represented. Mrs. J. H. Chapman, W. E. Park, H. R. Rodecker, Orme Brown, Oscar Wille, Jess Feagans, C. K. Legett, Misses Mary Craig and Helen Ginn.

The local W. C. T. U. met Friday afternoon in the Y. W. C. A. rooms. Mrs. John Van Gundy the president, presided after the Devotional business periods.

Mrs. William McClain had charge of the program, the subject, "Scientific Temperance Instruction," and read an excellent paper entitled, "Scientific Temperance Teaching." Mrs. McClain said in part, "The young people of today will constitute the controlling power and factor of the nation twenty to thirty years hence. Upon the health, mental and physical efficiency and moral character of the young people now in the schools, will depend the strength, prosperity and honor of the nation, twenty-five to fifty years from now.

"Much as future health, efficiency and happiness mean for every child now in the schools, they mean equally as much to the community in which he will live and to the nation as a whole.

This was followed by a general discussion and the meeting closed in its regular manner.

FELL FOR IT

Washington, May 1.—A garage at one of the foreign legations here 6 empty barrels, a small quantity of whiskey and two slick bootleggers played the parts in a moon light drama which cost two thirsty and credulous citizens \$6,000, and which has just come to light.

The bootleggers rented the garage, filled the barrels almost full of water, placed false tops on them and then poured in an inch of whiskey and replaced the regular barrel heads.

The victims sampled the whisky through a straw, paid \$6,000 and later discovered the water.

Summit, N. J.—"I have taken Lydia E. Pinkham's Vegetable Compound during Change of Life and I think it is a good remedy in such a condition. I could not digest my food and had much pain and burning in my stomach after meals. I could not sleep, had backache, and worst of all were the hot flashes. I saw in the papers a bottle of Vegetable Compound so I tried it. Now I feel all right and can work better. You have my permission to publish this letter."
—VICTORIA KORRI, 21 Oak Ridge Ave., Summit, N. J.

If you have warning symptoms such as a sense of suffocation, hot flashes, headaches, backache, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, spurs before the eyes, irregularities, constipation, variable appetite, weakness, inquietude, and dizziness, get a bottle of Lydia E. Pinkham's Vegetable Compound and begin taking the medicine at once. We know it will help you as it did Mrs. Korri.

JUNIORS JEFF. HIGH GIVE ANNUAL PLAY

Juniors of Jeffersonville High School gave their annual class play Friday evening with the presentation of a four act comedy-drama "Under Blue Skies" before a large audience in Jefferson Hall.

The play gave full opportunity for the display of the Junior class talents and each of the cast acquitted themselves in approved manner. Miss Dallas Batcher carried the part of the Girl and was ably supported by the Man, Charles Spangler.

It was due to the shortage of boys in the Junior class that some of the girls were required to play the part of men. They, however arose to the occasion and their character representations were excellent.

Music was furnished by Miss Jane Creamer and Mr. Fred Jones, piano and violin.

The cast was as follows:

Bruce McCullough, the man Charles Spangler
David Joyce, Clara's father
..... Mattie Pierce
Dick Warren, Edith's brother
..... Ralph Hidy
Oscar Webber, village swain
..... Kenneth Follett
Old John, the sexton
..... Anna Kimball
Sleepy Heime, Sarah's grandson
..... Alvin Ladd
William, valet to Bruce
..... Eugene Ervin
Clara Joyce, the girl Dallas Batcher
Edith Warren, an heiress, Louise Reid
Sarah, the housekeeper
..... Pauline Williams
Little Elsie, Sarah's granddaughter
..... Lucile Shade
Mrs. Webber, a neighbor
..... Frances Morrow
Mrs. Holt, a neighbor, Pauline French
Mrs. Wagner, a neighbor
..... Thelma Straley
Minnie Wagner, another neighbor
..... Jennette Jones
Sophie Barton and Tillie Hoffman, more neighbors—Ruth Straley and Lina Warner.

W. W. WILSON, President.
R. R. MADDOX, Clerk.SHOE REPAIRER
IS A BUSY MAN
REASON OBVIOUS

Enormous Prices of Footwear Make Cobbler a Popular Man With All.

Many Pairs of Shoes Find Way to Repair Bench The Third Time.

Shoe repair, the cobbler's art, has taken its place with the modern industries of the city and is fast graduating from the little shop on the corner to an establishment of modern machinery, skilled labor, and up-to-date working conditions.

At the present time there are five shoe repair shops in operation in this city and each shop is busier than ever before. Workmen are not able to turn out the work as fast as it is demanded.

The trade is not confined to people of smaller means but rich and poor alike have their shoes rebuilt by the cobbler. Many years ago it was considered poor form to wear shoes that had been resoled or reheeled but that custom is fast disappearing and not only are shoes being repaired the first time but the same pair of shoes may make the trip to the cobbler's shop the second and perhaps the third time.

One shoe repair man stated that it seemed the public had but one pair of shoes; every person who came in asked to have his or her shoes "by this evening" or "right away." There is no doubt but what many wealthy persons have decreased the number of pairs of shoes by one half. Many persons have a good pair and perhaps a pair that will wear while they are getting the others mended.

High prices in all lines of footwear is the cause given for the unprecedented number of shoes being rebuilt. When shoes were comparatively low in price they were worn until the sole went through and the shoe was discarded. High prices have necessitated resoling.

MAIN OHIO HIGHWAY
HAS A TOLL BRIDGE

Ohio still possesses a toll bridge. This ancient relic of stage coach days is located at Conneaut on one of the interstate highways of the country, on the great highway running direct from Chicago to New York City.

It is an old iron bridge, 1800 feet long and built at high level. The bridge is owned by a private corporation and collects annually from the traveling public tribute to the sum of \$25,000. Efforts of the county commissioners of Ashtabula county to get a reasonable purchase price set on the bridge have failed.

Automobile clubs of the northern part of the state are being urged to set the machinery in motion to abolish the old landmark.

Auto owners, at this day and age, do not fancy being halted and required to pay a fee before crossing a bridge.

Lesson in Optometry

LESSON EIGHT.

Speaking of near-sightedness, can it be corrected or cured?

It can be corrected but not cured. The proper lenses placed before the eyes by an Optometrist will result in making the distinct vision normal in many cases, and in improving it in every case.

Is myopia a handicap?

A decided handicap, and it should always get prompt attention.

What is "progressive myopia?"

It is a condition where the sight of a near-sighted person gradually becomes shorter, and because of the possibility of this condition arising all near-sighted children, especially, should receive the attention of an Optometrist as soon as possible.
